

Personal Info

Name : Ir. Mudjiono, M.M
 Functional position : Assistant Professor
 Structural position : -
 NIP/NIK : 196105281987031003
 NIDN : 0028056102
 E-mail : mudjiono@ub.ac.id
 Course taught : 1. Statistical Quality Control
 2. Decision Theory
 3. Introduction to Management
 4. Industrial Statistics

Education Background

Program	S1	S2
University	Universitas Brawijaya	Universitas Gadjah Mada
Department	Agriculture	Management
Year of graduation	1985	1990
Title of final project/thesis/dissertation	Soybean plant resistance to attack by the pest <i>Meloidogyne incognita</i>	Present Status of New Honey Sugar Company
Supervisor/Promotor	Dr. Ir. Hoesni Heroetadji, M.Sc. Ir. Lilik Agustina	Prof. Dr. Suharto Prawirokusumo

Research Project

1. Spatial Interpolation of GWR Kriging in Stunting Conditions in Malang Raya with Weighted Matrix Distance and Area (2020)
2. The Effect of Linguistics on the Performance of Fuzzy Inference Systems for Time Series Forecasting (2018)
3. Parameter Estimator Efficiency in Path Analysis of Latent Variables with Scale Data Using SRS and MSI Transformations (2017)
4. Bayesian Zero Inflated Gamma (ZIG) Model (2016)
5. Zero Inflated Gamma Model with Covariates in Daily Rainfall Modeling (2015)

Community Development Program

1. Utilization of Spatial Analysis with the ArcGIS Approach for Beginner Mapping Analysis Users in East Java (2018)
2. Forecasting Method Training Using Artificial Terms Network with Software R at Balijestro Tlekung, Batu City (2017)
3. Refreshing Research Methodology Through Data Analysis Workshop Using Microsoft Excel for Teachers of SMPN 2 Pagak, Malang Regency (2016)
4. Time Series Data Analysis Training for the Meteorology, Climatology and Geophysics Agency (BMKG) for Staff at the Center for Agricultural Technology Studies (BPTP), East Java (2015)
